

Wards and stakes should have a plan in the event of an emergency. Plans are prepared by ward and stake welfare committees under the direction of the bishop or stake president. Plans should be updated periodically. The following should be included:

- Disasters likely to occur and response actions needed.
- Response actions assigned to priesthood quorums and the Relief Society.
- Maps, addresses, and contact information of members.
- Procedure to account for missionaries and members following a disaster.
- A list of members with special needs.
- Procedures to assist members who may experience emotional trauma.
- A list of members with available resources such as medical training or the ability to operate heavy equipment.
- Contact information and procedures for stake leaders to contact the area office (outside the United States and Canada) or Church headquarters (United States and Canada) following a disaster.
- Contact information for the local government, the Red Cross, and other emergency response agencies.
